

I love this Country.™

Thank you for your interest in partnering with the Country Inn and Suites for your out of guests. We know how busy your schedule is, and we would like to make things easier for you.

We would like to offer a private web page to streamline the process. A private web address will be created for your guests to have access to your company's special rate and information.

The web page allows you to offer the following:

- ❖ A personal greeting to your guests
- ❖ Provide space for two photos, perhaps your logo or business photo
- ❖ Give a brief itinerary
- ❖ Meeting agenda
- ❖ Dress code
- ❖ Directions
- ❖ Airport transportation
- ❖ Event activities
- ❖ Additional details
- ❖ terms & conditions
- ❖ The web page will automatically provide a 5-day weather forecast for your guests to plan ahead for the unexpected weather.

Please print the information below. There is no cost to have a personalized web page. Please allow 10-12 days for processing. We submit the information to our corporate office to create the web page.
